CONTENTS

103 Aastveit, A. H. and Aastveit, K.: Genetic variations and inheritance of quantitative characters in two populations of meadow fescue (*Festuca pratensis*, Huds.) and their hybrid

239 Akbar, M. A.: Resynthesis of *Brassica napus* aiming for improved earliness and carried out by different approaches

247 Akbar, M. A.: Chromosomal stability and performance of resynthesized *Brassica napus* produced for gain in earliness and short-day response

281 Ashley, T., Jaarola, M. and Fredga, K.: The behavior during pachynema of a normal and an inverted Y chromosome in *Microtus agrestis*

295 Ashley, T., Jaarola, M. and Fredga, K.: Absence of synapsis during pachynema of the normal sized sex chromosomes of *Microtus arvalis*

265 Axelsson, R. and Odén, A.: Familial and environmental aetiologic factors in paranoid psychosis quantified by a new statistical method

145 Bothmer, R. von and Linde-Laursen, I.: Backcrosses to cultivated barley (*Hordeum vulgare* L.) and partial elimination of alien chromosomes

255 Chen, B.-Y. and Heneen, W. K.: Resynthesized *Brassica napus* L.: A review of its potential in breeding and genetic analysis

73 Chowdhary, B. P., Harbitz, I., Mäkinen, A., Davies, W. and Gustavsson, I.: Localization of the phosphate isomerase gene to to the p12→q21 segment of chromosome 6 in pig by in situ hybridization

11 Davik, J.: Variation among families of winter white cabbage (*Brassica oleracea* L. var. *capitata*) in storage ability

17 Davik, J.: A selection index for population improvement in white cabbage (*Brassica oleracea* L. var. *capitata*)

149 Fiskesjö, G.: Aluminium toxicity in root tips of *Picea abies* L. Karst., *Fagus sylvatica* L., and *Quercus robur* L.

65 Gelter, H. P., Tegelström, H. and Ståhl, G.: Allozyme similarity between the pied and collared flycatchers (Aves: *Ficedula hypoleuca* and *F. albicollis*)

79 Güz, K., Dedeoğlu, N. and Lüleci, G.: The frequency and medical effects of consanguineous marriages in Antalya, Turkey

159 Hockett, E. A., Aastveit, K. and Gilbertson, K. M.: Selfing behavior of cytoplasmic male sterile barley in Norway and the United States

167 Hockett, E. A., Aastveit, K. and Gilbertson, K. M.: Outcrossing on genetic male sterile barley in Norway and the United States

25 Hyrkäs-Lyytikäinen, K. and Kivinen, M.: Attempts to hybridize *Trifolium pratense* and *T. hybridum*

201 Izquierdo-Enguita, M. and Sinues-Porta, B.: Biomonitoring of genotoxicity induced by smoking

61 Johansson, M. and Örndal, C.: No difference between smoking lung cancer patients and smoking controls in the frequency of spontaneous and mitomycin C induced chromosome aberrations in lymphocytes

125 Lassen, C.: Characterization and reaction of spontaneously reduced TE elements in *Drosophila melanogaster*

85 Linde-Laursen, I. and Bothmer, R. von: Allocycly and nucleolar dominance in *Hordeum* × *Secale* amphiploid metaphases

231 Lu, B. R. and Bothmer, R. von.: Cytological studies of a dihaploid and hybrid from intergeneric cross *Elymus shandongensis* × *Triticum aestivum*

37 Lundqvist, U., Abebe Brook and Lundqvist, A.: Gene interaction of induced *intermedium* mutations of two-row barley. V. Triple gene constellations of the *hex-v* gene and recessive *int* genes

7 Lülecí, G., Bağci, G., Kivran, M., Lülecí, E., Bektas, S. and Basaran, S.: A hereditary bisatellite-dicentric supernumerary chromosome in a case of Cat-eye Syndrome
215 Lüning, K. G.: Genetics of inbred *Drosophila melanogaster*. XXI. Re-reversion in the strength of R-elements
223 Lüning, K. G.: Genetics of inbred *Drosophila melanogaster*. XXII. Cytoplasmic influence on recombination
87 Mahdy, E. A., Mäkinen, A., Chowdhary, B. P., Andersson, L. and Gustavsson, I.: Chromosomal localization of the ovine major histocompatibility complex (OLA) by in situ hybridization
205 Manolov, G., Manolov, Y. and Gantchev, T.: Specific patterns of differential condensation induced photochemically in human chromosomes
305 Maserati, E., Campagnoli, E., Truglio, F., Casalone, R., Geniram, A., Invernizzi, R. and Pasquali, F.: Transferrin and structural anomalies of chromosome 3 in the blastic phase of chronic myelocytic leukemia
133 Nokkala, C. and Nokkala, S.: Chromosomal polymorphism in *Galerucella nymphaeae* (L.) (Chrysomelidae, Coleoptera) in Finland
175 Nokkala, C. and Nokkala, S.: Characteristics of B-chromosomes in *Galerucella nymphaeae* species complex (Coleoptera, Chrysomelidae)
189 Nokkala, C. and Nokkala, S.: Chromosomal polymorphism in *Galerucella sagittariae* (Gyll.) (Chrysomelidae, Coleoptera) in Finland
273 Pelger, S. and Høyer-Hansen, G.: The reaction of monoclonal antibodies with hordeins from five different *Hordeum* species
31 Rieseberg, L. H. and Doyle, M.: Tetrasomic segregation in the naturally occurring autotetraploid *Allium nevii* (Alliaceae)
99 Santiago-Blay, J. A. and Virkki, N.: On the X0 sex chromosome system of *Aulacoscelis melanocera* Stål (Aulacoscelinae: Chrysomelidae: Coleoptera)
183 Scherthan, H., Lutz, S., Metzdorf, R. and Blin, N.: Interspecies relationship of a repetitive chromosome-specific DNA
1 Solbreck, C. and Anderson, D. B.: Wing reduction; its control and consequences in a lygaeid bug, *Spilostethus pandurus*
171 Sywula, T.: Gene conversion as a possible factor influencing genetic polymorphism
91 Szmidt, A. E. and Muona, O.: Linkage relationships of allozyme loci in *Pinus sylvestris*
49 Tegelström, H. and Jaarola, M.: Genetic divergence in mitochondrial DNA between the Wood mouse *(Apodemus sylvaticus)* and the Yellow necked mouse (*A. flavicollis*)
115 Wik Sjöstedt, A., Alatalo, M., Wahlström, J., Döbeln, U. von and Olegård, R.: Replication error, a new hypothesis to explain the origin of a supernumerary marker chromosome in a mentally retarded boy
207 Yonemura, I., Motoyama, T. and Hasekura, H.: Mode of inheritance of major genes controlling life span differences between two inbred strains of *Drosophila melanogaster*
